

## **Taking Hold – Creative Planning for Retirement and Beyond**

*An interfaith adult education program sponsored by the Episcopal Church Foundation and organized by Rabbi Leonard Schoolman*

Every day, ten thousand Americans turn sixty-five. And very, very few of us have any understanding of the new challenges that will affect our lives. For many, shifts and reduction in income are the first shocks of a new reality. Social Security and Medicare and new and different insurance policies require a sea change in our thinking. Changes in our health require new ways of dealing with our bodies, our minds and our assets. Different challenges and opportunities will confront us every day, yet nothing has prepared us for these massive changes in our lives. Come join a diverse gathering of individuals and experts from various faith traditions, ages and backgrounds as an inter-faith collaboration of congregations seeks to answer common questions and begin to give you directions for your next steps in this exciting new stage of our lives.
